# PDi-TAB2™

Arm mounted PDI-P14T2
VESA mounted PDI-P14T2R

# Interactive Android<sup>™</sup> and Healthcare-grade Second Generation Interactive HDTV

The PDi-TAB2™ personal patient entertainment device is PDi's second generation Android-based healthcare-grade television. The touchscreen-based PDi-TAB2™ is designed to satisfy patients with easy access to patient education, information about their care and facility services, plus added entertainment. The LED backlit keypad allows patients to control the many TV features even in low light or night time conditions.

The Android 4.3 OS offers added entertainment and patient education options through internet browsing and apps, and boasts 1GB RAM with 8GB total storage. The Android operating system allows facility staff to install approved apps for patients, family members and staff. The PDi-TAB2 $^{\text{TM}}$  also offers the flexibility to allow patients to download some apps or media files, with automatic removal upon new user login. Up to 3GB are available for patient downloads, with up to 1GB for patient media file downloads.

Web access or the built-in media player software provides facilities with the capability to provide required patient education or added entertainment options to reduce patient boredom! Streamlining information and education ease staff workloads and increase patient satisfaction.

Compatible with many existing PDi swing arms in use today, weighing only 7 lbs, PDi-TAB2™ is sure to please facility administrators, managers and staff. The simple step-by-step user instructions on-screen and on the back of the cabinet, plus the on-screen TV guide ensures ease of operation, high patient satisfaction and minimal staff requirements for TV or Android operation.

#### PDi-TAB2™ 14" Interactive Android/HDTV

## **PDi-TAB2™ Product Highlights:**

- Android 4.3 OS, 1.2 GHz Quad Core Processor touchscreen computer and browser offers access to patient education, facility information, and complete multi-media entertainment, social connectivity and apps
- Antimicrobial 24 Button Direct Entry Button Glass & cabinet reduce concern for infection control
- Multiple User Profile
- USB allows multimedia playback and cloning to easily replicate TV settings
- MPEG-4, Pro:Idiom®, and multiple inputs allow a variety of instant connectivity options
- Available Camera + Microphone
- Available Interactive Patient Education Software apps
- UL approved for hospital use in the US and Canada (UL/cUL 60065 Annex Q)
- Designed, programmed, tested and assembled in Springboro, Ohio USA
- Unit dimensions 14.5"W x 11"H x 1.9"D, 7 lbs
- PDi-TAB2™ VESA wall mount or arm mounts to PDi swing arm models PDI-AA407 or PDI-AA507, and retrofits to existing PDI-405C-7 or PDI-508C-7 arms
- 2-yr standard warranty or 4-yr GVS upgrade

### SPECIFICATIONS
