Custom User Interface

Part Number	PDI-GUI
Pricing	One-time up-front fee
Updates to User Interface	Requires additional fee

PDi helps you create your custom experience for your patients.

Customization includes:

Main Menu and Submenus	Main menu and submenus with up to 10 icons. Select from GENiO's many standard icon options or for a small fee of \$150, PDi will design a custom icon to meet your specific requirements.
Customized Education	Deliver your preferred education with weblinks to your patient education content or to publicly available videos and websites
Branding/Logo	Upload your facility logo to the user interface and choose a background color that complements your branding.
Branding/Internet	Change the standard home page (google.com) to your facility website or any website
Icons, Apps, & More	Enhance the patient experience with applications for video calls, streaming services, links to daily menus, music, translation services, and much more
