		50" / 43" : 200 × 200 mm

Pillow Speaker Ready

The hospital TV is equipped with the interface compatible with a pillow speaker* which controls sound and videos on TV directly from a patient's bedside.

*** Pillow speaker is not provided by LG. (sold separately)**

Nurse Call System Ready

Through nurse call system provided by a pillow speaker* connected to LG hospital TV, staff can be called immediately for emergency.

UL Hospital Grade Listed

The hospital TV is designed for the healthcare and hospital environment, meeting safety standards by UL.

Multi IR Ready

Multi IR* function eliminates the signal interference of remote controls that occurs between multiple TVs in one place. LG hospital TV supports this when used with the Multi-IR remote control, so users can freely control their own TVs without disturbing the others.

*** Multi-IR remote controller is not provided by LG. (sold separately)**

Embedded b-LAN

Hospital TV supports embedded broadband local area network (b-LAN), enabling PPV (Pay Per View) and VOD service without the need for a set-top box.

Easily Accessible to Netflix Application

Experience a wide variety of video content from Netflix on UK672M with Pro:Centric Direct. Enjoy the comfort of your room and a streaming service that offers a thousands of selections.

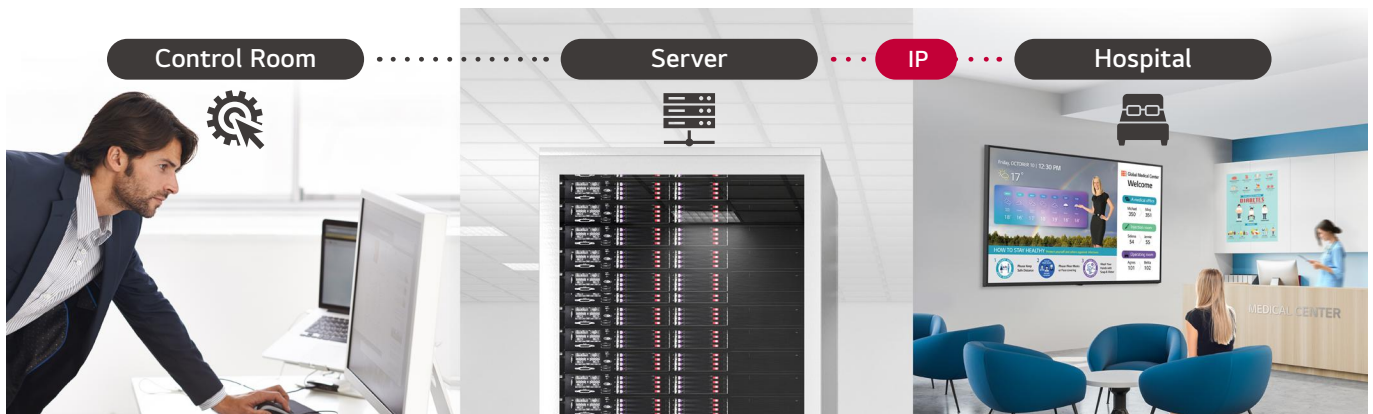

*** Netflix membership required.**

LG NanoCell

Nano Panel

Experience the revolutionary technology of NanoCell, which uses a specialized polarizer and non-sized materials to achieve exceptional color reproduction without distortion. Advanced nano technology filters out impure colors from RGB wavelengths, delivering vibrant, pure colors and true 4K visuals. Enjoy lifelike imagery with precise colors and enhanced contrast. By utilizing nano-sized light-absorbing materials, NanoCell separates overlapping green and red wavelengths, expanding the color gamut and improving accuracy. Elevate your viewing experience and watch your favorite content come to life!

Pro:Centric Hospital Management Solution

The hospital content management solution Pro:Centric Direct offers easy and simple editing tools, making it easy to perform service and IP network-based remote management. The Pro:Centric Direct solution enables users to edit their interface easily by providing customized interface and efficiently manages all LG hospital TVs in the hospital.

* Pro:Centric Direct solution is sold separately.

** Some features may not be supported based on PCD versions.

Get Total Connectivity from Your TV

Cast your apps directly onto your TV. See content from your iPhone or Android device on your LG TV screen effortlessly with Apple AirPlay and Chromecast built-in.
